The Provost/Principal/Directors,
Colleges/Schools of Health Sciences and Technologies

Sir,

CALL FOR PARTICIPATION IN THE MANDATORY UPDATE COURSE FOR MEDICAL X-RAY/IMAGING TECHNICIAN/TECHNOLOGIST TUTORS/LECTURERS

Education has great importance in building strong and developed societies, and the teacher is one of the primary agents for achieving that. For such reasons, it is always an urgent educational need that teachers should receive adequate educational and professional training to possess adequate knowledge and teaching skills.

Since good teachers are considered as the backbone of good education and learning is perceived as being an ongoing process, efforts to develop and improve teachers' teaching skills and knowledge are highly needed and appreciated in the field of education.

Teachers are expected not only to be competent but also to be professional in their related fields and subject-matters. For this reason, they have to possess a great deal of knowledge and skills with regard to both teaching and assessment practices in order to meet the high demands and standards of quality education.

In view of the above, the council is hereby notifying your institution on the upcoming **MANDATORY** update course on **BASIC TEACHING SKILLS** for medical x-ray/imaging Technician/Technologisttutors/lecturers in all Colleges/schools of Health sciences and Technologies in the country.

The mandatory update course is in collaboration with the **National Teachers Institute (NTI) Kaduna,** whom primary responsibility is developing professional teaches/tutors on the current trend and latest technique in teaching/tutoring skills.

Due to the limited slots available, all institutions are expected to sponsor and send minimum of two (2) and maximum of three (3) tutors/lecturers to participate in the **mandatory** update course.
